## INTRODUCTION

Worcester, Massachusetts has a population of about 175,900. It is the second largest city in New England with Boston being the largest. It is the county seat of Worcester County and is located in Central Massachusetts. Worcester is known as the "Heart of the Commonwealth." It is believed that Worcester got its name from the historic city of Worcester, England.

In the early days, the Pakachoag tribe of the Nipmuc nation of Native Americans, were the indigenous settlers of the area which was called Quinsigamond. The area had a fine lake, Lake Quinsigamond, for hunting and fishing. The Nipmuc nation considered Mount Wachusett as a sacred place. But as elsewhere in the country, the English came and settled in the area in 1673. This early settlement was burned to the ground during King Philip's War (December 2, 1675.) The town was resettled and incorporated in 1684. On September 10, 1684 Daniel Gookin and others, petitioned to have the name changed to Worcester. Vulnerable to attack, some residents were taken hostage by the Native Americans. In 1702 the town was again abandoned by all its English inhabitants except for Diggory Sargent. Native Americans attacked Sargent's cabin. He and his wife were killed. Their children were kidnapped and taken to Canada where they survived. (Many Franco-Americans have a connection to this family as at least one of the children married and raised a family in Quebec.) Worcester was resettled for the third time in 1713 and was finally incorporated as a town in 1722. It was chartered as a city in 1848.

Worcester served as a center of revolutionary activity during the Revolutionary War. It was an important munitions depot and was targeted by General Thomas Gage. The plan was uncovered, however, by Timothy Bigelow causing General Gage to concentrate on Lexington, Massachusetts instead. The Massachusetts Spy was one of the few papers published continuously during the Revolution and had been moved to Worcester from Boston by Isaiah Thomas.

Worcester was known for innovation in commerce, industry, education, and social thought. Together with the nearby Blackstone Valley it claims its historic role as the birthplace of the American Industrial Revolution. Ichabod Washburn, an early industrialist, developed a process for extruding steel wire. His company, Washburn & Moen, founded in 1831, provided the barbed-wire fencing used in the American West and also used during the First World War. In 1840, Loring Coes invented the monkey wrench. In the 1850s, George Crompton and L. J. & F.B. Knowles founded companies that manufactured the textile looms that fueled the Industrial Revolution. Another Worcester innovator, physician Russel Howes, invented the first envelope folding machine in 1856. His machine could produce 25,000 envelopes in ten hours, using three operators. Esther Howland designed and manufactured the first American valentine cards in 1847. Women found opportunity in The Royal Worcester Corset Factory, a company that provided employment opportunity for 1200 women. It was the largest employer of women in the United States in 1908.

Successive waves of immigrants have in the past formed coherent ethnic enclaves, some of which continue to contribute to the rich ethnic texture of Worcester today. Swedes settled in Quinsigamond Village and Greendale, Italians settled along Shrewsbury Street, Irish and Polish settled around Kelly Square, Lithuanians settled on Vernon Hill, and Jews built their first synagogue on Grafton Hill. The African-American community has existed since colonial times. Since the late 1800s, Grafton Hill and Vernon Hill have been points of entry for immigrants from all over the world: Irish, Italians, Lithuanians,

Poles, Syrians, Lebanese, Puerto Ricans, French Canadians, and more recently, Albanians and Brazilians. Other prominent groups include Russians, Armenians, Greeks, Vietnamese, Liberians, and Congolese.

Worcester is noted for its fine educational and cultural facilities. Among the institutions of higher education are Worcester State College, Worcester Polytechnic Institute, Assumption College, Clark University, the College of the Holy Cross, the University of Massachusetts Medical Center, Becker College, Quinsigamond Community College and the Massachusetts College of Pharmacy and Health Sciences, which has opened a new campus downtown. The oldest of these is Holy Cross, which opened in 1843.

The city is also home to the headquarters of the American Antiquarian Society (founded in 1812), with a research library specializing in Americana; the Worcester Art Museum, with a wide-ranging collection of Western and Asian art; and the Worcester Historical Museum, emphasizing the city's industrial achievements. Also of interest are the Higgins Armory, a museum of arms and armor, and the EcoTarium, with collections on the biological and physical sciences. The annual Worcester Music Festival dates from 1858.

A.F.G.S. is proud to present this latest edition in its growing collection of Worcester County resources. We have made every effort to present complete and accurate information. Various spellings should be checked when looking for a name. Names were sometimes changed to reflect a more English sounding name or were misspelled by the City Clerk. Additional information such as maiden names of brides is available in many other records at our society including marriage repertoires, baptismal records, funeral home records, cemetery records, and obituaries. **Also note that when a bride was married more than once, it is not always possible to determine if the name listed is her married name or her maiden name. Please use this information as a starting point but always check the information with a primary source.**

We extend a thank-you to: Lucile McDonald who copied the records; Ernest Gagnon and David Coutu who supplemented the more difficult to read records; Ernest Gagnon who typed the records on his computer; Lucile McDonald who edited the manuscript; Janice Burkhart who completed the final edit and oversaw the project; Lucile McDonald who printed the on demand books; Roger Bartholomy who produced the CDs; Lucile McDonald and Raymond Desplaines who collated and bound the books; and all the society members who volunteered their time to help complete the project. Every effort has been made to provide a clear, accurate tool for your use. Constructive criticism, additions and/or deletions may be sent to:

Cornelius & Ellen ...	Worcester, MA	Thomas Lawler & Kate ...
Age: 44 – Ireland    Mar: #3		Age: 39 – Ireland    Mar: #2
Res: Worcester, MA		Res: Worcester, MA
Occ: Wheelwright		Occ: Domestic

Please note the following:

Many of these marriages omit the maiden name of the mother. This was quite usual for this time period. Sometimes the mother's maiden name can be retrieved from a death certificate or from the marriage act of the parents themselves. AFGS has many records at the AFGS library that might be of help to you.

Sometimes when a bride has been married more than once, it is difficult to know if the name listed is her married name or her maiden name. In many instances the given name of the father was omitted as well. **Beware!** Check other records and proceed with caution.

In the case of a person with a non-English name, check spelling variations. In many instances, an English speaking City Clerk had to resort to recording the name as it sounded because the parties marrying had a limited command of English and perhaps could not spell. In any case it will be wise to check various spellings if you do not immediately find the name for which you are searching.

WI = West Indies

## WHAT IS THE AMERICAN-FRENCH GENEALOGICAL SOCIETY?

The American-French Genealogical Society was formed in February of 1978 as a non-profit genealogical and historical society devoted to people of French Canadian extraction. Its purpose is to study and preserve the rich Franco-American heritage by assisting its members in discovering their ancestors and the daily events that shaped their lives.

The Society is actively involved in extracting, collating and publishing Franco-American vital statistics, parish registers, burial records, and other data consistent with the preservation of the Franco-American culture. From time to time French lessons are given. The Society is also actively involved with the National Park Museum which has been established in Woonsocket and has cooperated in several projects with the Park staff. In addition the Society participates, along with 24 other genealogical societies, in the very successful New England Regional Genealogical Conference which is held every 18 months.

A.F.G.S. offers many other attractions. Weekly research sessions are held at our library in Woonsocket, RI each Monday from 11 am to 4 pm; Tuesday from 1 pm to 9 pm; and on Saturdays, 10 am to 4 pm, from September to June. An annual business meeting and election of officers is held each October. A semi-annual publication, "**JE ME SOUVIENS**", (written in English), is sent to each society member. This publication is 100 plus pages and is very informative. The Society also publishes six newsletters, "AFGnews", each year.

The A.F.G.S. library has more than 10,000 volumes devoted to history, family history, biography, reference, and birth, marriage and death statistics. The Research Committee, comprised of experienced researchers, is available to assist members who are unable to conduct their own research. The Loiselle, Rivest, Fabien and Forget Files are available to assist in the search for those particularly difficult marriages that may be eluding you. The Society also owns all four Drouin collections as well as the prestigious and unique Drouin Institute film which comprises all of the births, marriages and deaths recorded in Quebec and other French speaking parts of Canada through the year 1940. In addition, assorted microfilm from Canada, Vermont, Rhode Island, New Hampshire and Massachusetts are available for use in the library. A new Lending Library service makes valuable resources available to members living far from Woonsocket and the library. A large collection of Franco-American marriage notices, anniversary announcements and obituaries have been gathered from across the country. (There are also projects that members across the country are helping the society to complete.)
